

PRELIMINARY PROGRAM

	TUESDAY 6/13	WEDNESDAY 6/14	THURSDAY 6/15	FRIDAY 6/16
0700-0830		BREAKFAST	BREAKFAST	BREAKFAST
0830-0915		Plenary (45 minutes)	Plenary (45 minutes)	ORAL PRESENTATIONS: MECHANISMS OF HIV DRUG RESISTANCE
0915		ORAL PRESENTATIONS: HCV DRUG RESISTANCE	ORAL PRESENTATIONS: HIV PATHOGENESIS, FITNESS AND RESISTANCE	
0930				
0945				
1000		BREAK	BREAK	
1015-1045		ORAL PRESENTATIONS: RESISTANCE TO NEW ANTIRETROVIRAL AGENTS	ORAL PRESENTATIONS: CLINICAL IMPLICATIONS OF RESISTANCE	INVITED SESSION: RESISTANCE TEST INTERPRETATION & PREDICTION OF CLINICAL RESPONSE
1045				
1100				
1115				
1130				
1145				
1200		LUNCH	LUNCH	LUNCH
1215		Themed Poster Discussion: Natural variation in antiretroviral drug targets (Resistance to New ARVs)	Themed Poster Discussion: Persistent viremia on antiretroviral therapy (Pathogenesis)	Themed Poster Discussion: Relationship between PI resistance and gag mutations (Mechanisms)
1230-1400				
1400-1500		Themed Poster Discussion: Therapeutic sequencing of new and old protease inhibitors (Resistance to New ARVs)	Themed Poster Discussion: Transmitted/primary resistance (Epidemiology)	Themed Poster Discussion: Detection and clinical significance of minor drug-resistant variants
1500-1600				
1600-1800		POSTER VIEWING: Session: HBV/HCV Drug Resistance Session: Resistance to New Antiretroviral Agents	POSTER VIEWING: Session: HIV Pathogenesis, Fitness and Resistance Session: Clinical Implications of Resistance Session: Epidemiology	POSTER VIEWING: Session: Mechanisms of HIV Drug Resistance Session: New Resistance Technologies and Interpretations
1800				
1815				
1830				
1845			FREE EVENING	
1900-2100	Welcome Dinner Pool/Garden Side Melia Sitges	Finca Masia Torreblanca Dinner		Awards' Dinner: Finca Mas Solers
